CHALLENGES

Before Rivervale Primary School implemented online assessments and reporting, they were experiencing issues with the turnaround time of assessment data. There was inconsistency with assessment delivery, and staff lacked data analysis confidence.

SOLUTION

EasyMark partnered with Rivervale Primary School to implement an online assessment and reporting solution across various year groups in Mathematics and English. EasyMark attended Rivervale for onsite face-to-face training and implementation with teachers and students. EasyMark 24/7 support afterwards to make the transition to digital a successful and positive experience for teachers, students and school leaders.

BENEFITS

Improved teaching and planning

1

Teachers having more time to plan and teach. Teachers can identify gaps in student learning, monitor student achievement and growth with pre & post-testing.

Greater confidence with NAPLAN

2

Students are more familiar with the NAPLAN context which has led to greater student confidence when taking NAPLAN tests.

Improved quality of reporting data

3

An accurate picture of student ability and progress. Easy to interpret data, quick turnaround on assessments and analysis reports.
